Data as of 30 Jan
Essential Services - Education

- Mid-term examinations ended 27 Jan
  - Accelerated Learning Program students finished week-long mid-year examinations with high attendance rates (97% across Iraq)
  - Provides out-of-school children a second chance for education
  - Children who pass year-end exams will be integrated into main schools
- Ministry of Education engineers surveying more than 1,000 schools to be rehabilitated with supplemental funds
- Foreign Scholarship Board approved 25 Iraqi Fulbright grantees
  - Grantees will pursue graduate studies in public health, journalism, law, public administration, environmental science, business-accounting, and English
- More than 1,500 secondary students applied for a student-exchange program sponsored by State Department’s YES Program
  - 12 students will attend high school and live with a US family
- University of Baghdad and a consortium of US universities are cooperating to improve the University’s Archaeology program and facilities
  - Iraqi scholars will attend 4th International Congress on the Archaeology of the Ancient Near East at the Free University, Berlin 19 Mar – 03 Apr 04
Essential Services - Healthcare

- Minister of Health (MoH) recently approved Iraqi National Drug Formulary for roll-out in mid-February
  - Over 1,300 line items are included in the formulary
  - All drugs for will be purchased off the formulary
- Iraqi Medical Society Forum is preparing for a February conference to establish medical specialty societies throughout Iraq to exchange knowledge, and raise level of hospital care to international standards
- Some hospitals are breeding ground for secondary infections caught while undergoing in-patient treatment
  - Hospital statistics put secondary infection rate at 80% for patients entering hospital for treatment for another illness
- MoH reports current doctor / patient ratio in Iraq is 1 / 10,000
  - Compares to US ratio of 1 / 3,000 - 4,000

Healthcare Milestones

- Apr 04: Electronic health surveillance program initiated
- Jun 04: Model health care clinics established
- End 04: 90% of all children receive routine immunizations
- End 05: Infant mortality rate reduced by half to 50 / 1,000
Essential Services - Water

- Basra’s water supply restored to pre-war levels
  - Over 1.6 million people now have access to water
- By May 04, Sharkh Dijlah water treatment plant will boost potable water production 40%
  - Extra 2.25 million liters / day benefits 640,000 in Baghdad
- In Najaf & Karbala 48 compact water treatment plants have been rehabilitated
  - Potable water for 100,000
- Sewage treatment plants being restored in Central Iraq
  - Al Hillah: 85% complete (53,000)
  - Ad Diwaniyah: 80% complete (80,000)
  - An Najaf: 65% complete (141,000)

- Mosul reservoir higher than normal due to power transmission lines being down
- Debendikhan and Dokan reservoirs low due to excessive turbine releases for power generation
- Hemrin reservoir higher than normal due to Debendikhan releases upstream
- Other reservoirs at or near normal operating levels for this time of year
Essential Services - Telecommunications

- Public Switched Network: Bechtel and Lucent have completed the integration of the 12 new Lucent Switches with the 14 existing switches. All fully operational telephones nationwide now can access the switch at Al Mamoun and the International Gateway.

- Lucent continues to train switch operation and maintenance personnel and Network Operations Center managers. Formal start of Lucent operation & maintenance program for switches was 01 Feb.

- Security: US Army removed their security forces from all switch sites except Al Mamoun and Kadamiya; they will keep security at these two sites for the indefinite future (probably 6 months). Difficulties persist with Facility Protection Service civilian guards who have responsibility for security at all switch sites. Guards do not have sufficient numbers of weapons and are not paid in a timely manner. Iraq Telecommunications and Postal Commission (ITPC) has a chronic problem in obtaining and distributing monies.

- Cell phones currently available for businesses
  - Phones will be sold to private citizens from 200 outlets, beginning in early Feb 04
  - Black market cell phones being sold for up to $700 / phone
