Civilian	26,866	+1,454	28,320	+461	28,781	+66	28,847
<b>Total DoD</b>	<b>53,436</b>	<b>+438</b>	<b>53,874</b>	<b>+80</b>	<b>53,954</b>	<b>-103</b>	<b>53,851</b>

\* The FY 1999 actual baseline is 63,786 (Military, 30,860; Civilian, 32,926) in accordance with the revised definition approved in the DoD Directive 5100.73 issued on May 13, 1999, and consistent with subsection (d) of section 130a of Title 10, United States Code as amended by subsection (a).

Major Headquarters include the Office of the Secretary of Defense, the Office of the Chairman of the Joint Chiefs of Staff, the Joint Staff, Headquarters of Unified and Specified Commands, Headquarters of the Defense Agencies, the Service Secretariats and Service Staffs, Headquarters of Major Service Commands, and other organizations (i.e., field operating activities and direct reporting units) that manage the programs and operations of the Department of Defense.

The table above reflects the personnel levels applicable to major headquarters activities between FY 2004 and FY 2007. As noted, the FY 1999 DoD baseline used to measure major headquarters personnel (military and civilian) is 63,786, and is consistent with the DoD Directive 5100.73 of May 13, 1999. The FY 2006 estimate of 53,954 reflects slight growth above the FY 2004 program of 53,436 and a cumulative reduction of 9,832 below the FY 1999 baseline (-15.4 percent). The slight growth is in part due to increased workyears that will replace contractor support with government employees. With the implementation of the FY 2006 reductions, the Department of Defense exceeds the goal of reducing headquarters staffs by 15 percent from the FY 1999 levels.

The estimates on the following pages reflect the total major headquarters military personnel end strength and civilian full-time equivalents in the DoD assigned to the combatant and functional commands and to Departmental headquarters and headquarters support between FY 2004 and FY 2007.

ADVISORY AND ASSISTANCE  
SERVICES

**THIS PAGE INTENTIONALLY LEFT BLANK**

**Fiscal Year (FY) FY 2006/FY 2007 Budget Estimates**  
**Defense-Wide**  
**Advisory and Assistance Services**

Advisory and Assistance Services (CAAS) is a category of cost--as are travel, supplies, equipment purchases, and civilian pay. CAAS is not a program; rather it is only one means of carrying out a program. As such, CAAS estimates can change as the mix of resources for the conduct of a program shifts from one cost category to another. By relying on the power of the market place, the Department expects to become more efficient. The effect may be to increase CAAS with an accompanying decrease in overall program costs. The CAAS estimates as a cost category should be reviewed only in the context of specific programs supported.

CAAS is defined as identifying services acquired by contract from non-governmental sources to support or improve organization policy development, decision making, management and administration; support program and/or project management and administration; provide management and support services for Research & Development (R&D) activities; provide engineering and technical support services; or improve the effectiveness of management processes or procedures. These services may take the form of information, advice, opinions, alternatives, analyses, evaluations, recommendations, training, or technical support. They also include interagency agreements for advisory and assistance services. Contractor support for Automatic Data Processing and telecommunications, not defined as routine, is also reportable here, as are all support to the Program Executive Offices including systems engineering and technical support.

The Advisory and Assistance Services exhibit separately identifies work performed by Federally Funded Research and Development Centers (FFRDC). In addition, there are three reporting categories for Advisory and Assistance Services. They are Management and Professional Support Services; Studies, Analyses, and Evaluations; and, Engineering and Technical Services. The definitions of these three reporting categories are as follows:

DEFENSE-WIDE

**Fiscal Year (FY) FY 2006/FY 2007 Budget Estimates**  
**Defense-Wide**  
**Advisory and Assistance Services**

**Management and Professional Support Services:** This category includes funding for contractual services that provide assistance, advice, or training for the efficient and effective management and operation of organizations, activities (including management and support services for R&D activities), or systems. These efforts contribute to improved organization of program management, logistics, project monitoring and reporting, data collection, budgeting, accounting, performance auditing, and administrative/technical support for conferences and training programs.

**Studies, Analyses, and Evaluations:** This category includes funding for contractual services to provide organized, analytic assessments/evaluations in support of policy development, decision making, management, or administration. It includes studies in support of R&D activities and the development of models and methodologies.

**Engineering and Technical Services:** This category includes funding for contractual services used to support program offices during the acquisition cycle by providing systems engineering and technical direction (FAR 9.505-1(b)) to ensure the effective operation and maintenance of a weapon system or major system as defined in OMB Circular A-109 or to provide direct support of a weapons system that is essential to the R&D, production, or maintenance of the system.

The Facilities Sustainment, Restoration and Modernization (SRM) program provides funds to keep the Department's inventory of facilities in good working order, (i.e., day to day maintenance requirements). In addition, it provides resources to restore facilities whose age is excessive or have been damaged by fire, accident, or natural disasters and alternations of facilities to implement new or higher standards to accommodate new functions or mission. The demolition program provides funds to demolish and dispose of obsolete and excess structures. The funds depicted above do not include amounts financed through the Working Capital Funds for sustainment and restoration of the Fund activities. Costs of military personnel assigned to SRM activities are also excluded.

Defense-Wide agencies and activities are requesting \$248.2 million in FY 2006 and \$253.1 million in FY 2007 for Facilities Sustainment, Restoration and Modernization in the O&M, Defense-Wide appropriation. These funds reflect a net program increase of \$12.9 million from FY 2005 to FY 2006, primarily for the sustainment of the DoD Education Activity and National Security Agency facilities. The following data provides details on O&M, D-W funding levels for Facilities Sustainment, Restoration and Modernization program.

-----

APPROPRIATED FUND SUPPORT  
FOR MORALE, WELFARE, AND  
RECREATIONAL ACTIVITIES

**THIS PAGE INTENTIONALLY LEFT BLANK**

**AMERICAN FORCES INFORMATION SERVICE**  
**Operation and Maintenance, Defense-Wide**  
**Fiscal Year (FY) 2006/FY 2007 Budget Estimates**  
**Appropriated Support For Morale, Welfare, and Recreational Activities**  
**(Dollars in Thousands)**

The only American Forces Information Service (AFIS) Morale, Welfare, and Recreation (MWR) activity using appropriated fund support is the *Stars and Stripes* newspaper.

*Stars and Stripes* is a Category B-NAFI in accordance with DoD policy. The *Stars and Stripes* pays routine mission costs from appropriated funding and business revenues. *Stars and Stripes* is frequently the only credible news and information source for deployed forces in the theater of operations.

**Significant Major changes.** The *Stars and Stripes* received \$6,315K additional funding in FY 2004 to partially cover the costs of news gathering, printing, and transportation associated with the distribution of newspapers to troops deployed on contingency operations in Iraq and Afghanistan. The startup of printing operations in Baghdad and Kabul began in FY 2004. The FY 2005 costs will be higher than FY 2004 as they will be incurred for the entire year.
