[#] FY 2013 Program is from the FY 2013 President's Budget, submitted February 2012												
^{##} The FY 2014 OCO Request will be submitted at a later date												
Note												
The Joint Helmet Mounted Cueing System (JHMCS) is transitioning to Warner Robins AFB for sustainment. FY12 and FY13 funding allows for completion of sustainment transition, residual tasks, and any unplanned activities.												
A. Mission Description and Budget Item Justification												
The Joint Helmet Mounted Cueing System (JHMCS) develops a helmet display system capable of depicting aircraft heading data, pilot's viewing perspective, target indication tracking/cueing, and other information on the aircrew visor to enhance pilot situational awareness. This display allows the pilot to quickly align platform sensors and weapons on targets, and engage threats using High Off-Boresight System (HOBS) weapons such as the AIM-9X.												
JHMCS is a Post Milestone C, Acquisition Category III (ACAT-III) joint AF/Navy program with the AF as the lead service. Program is in Full Rate Production (FRP). Continuing activities include deficiency resolution; improvements to tooling and test equipment; Electronic Unit (EU) obsolescence/Diminishing Manufacturing Sources (DMS) redesign; a systems engineering approach for implementing alternate displays; improvements to integrate Night Vision Cueing & Display (NVCD); software updates; platform integration; improvements to Reliability and Maintainability (R&M); system upgrade studies and analysis; other obsolescence upgrades; improved magnetic mapping processes to reduce maintenance manhours/life cycle costs; and efforts to support the transition to depot activation.												
This program is in Budget Activity 7, Operational System Development because this budget activity includes development efforts to upgrade systems that have been fielded or have received approval for full rate production and anticipate production funding in the current or subsequent fiscal year.

• SBIR/STTR Transfer	-0.042	0.000			
• Other Adjustments	0.000	0.000	0.000	-	0.000
Change Summary Explanation No significant changes					
C. Accomplishments/Planned Programs (\$ in Millions)			FY 2012	FY 2013	FY 2014
Title: Product Development			1.000	1.206	0.000
Description: Continue Pre-Planned Product Improvement (P3I) efforts, software updates, Follow-On Test and Evaluation (FOT&E), and program management/support.					
FY 2012 Accomplishments: Accomplished deficiency resolution, reliability improvements, P3I activities, obsolescence upgrades, analysis/studies, some deficiency reporting, alternate displays implementation, and software updates. Accomplished testing and integration of the Night Vision Cueing and Display (NVCD) system into JHMCS. Provided mission support and program management to execute studies, P3I, software development efforts and accomplishment of residual tasks prior to the sustainment phase.					
FY 2013 Plans: Complete deficiency resolution, reliability improvements, P3I activities, obsolescence upgrades, analysis/studies, some deficiency reporting, alternate displays implementation, and software updates. Complete testing and integration of the NVCD system into JHMCS. Provide mission support and program management to execute unplanned activities and accomplishment of residual tasks prior to the sustainment phase.					
Title: Management Services			0.394	0.266	0.000
Description: Program Management Support, Travel, and Test & Evaluation

D. Other Program Funding Summary (\$ in Millions) N/A			
Remarks			
E. Acquisition Strategy JHMCS is an ACAT III joint USAF/USN program with AF as lead service. The development contract was Cost Plus Award Fee (CPAF) through Boeing - St. Louis for development/integration on the F-15 and F/A-18 aircraft. All other aircraft integration will be handled by the respective platform prime contractors.			
F. Performance Metrics Please refer to the Performance Base Budget Overview Book for information on how Air Force resources are applied and how those resources are contributing to Air Force performance goals and most importantly, how they contribute to our mission.
