# FY 2013 Program is from the FY 2013 President's Budget, submitted February 2012												
## The FY 2014 OCO Request will be submitted at a later date												
A. Mission Description and Budget Item Justification												
Provides for software development and upgrade for Secretary of the Air Force offices and Headquarters Air Force for Planning, Programming, Budgeting and Execution training and support for the Air Force Corporate Structure. This effort will implement Global Force Management Data Initiative (GFM DI) supporting the force management and adaptive planning processes. The GFM DI entails creation of authoritative data sources for all authorized Department of Defense (DoD) force structure data, facilitating the unique identification of organizations, billets, crews, and chain of command links. It provides a common reference and net-centric exchange format for authorized force structure across all DoD warfighting, information, and business systems.												
This program is in Budget Activity 7, Operational System Development, this budget activity includes development efforts to upgrade fielded systems or approved for full rate production systems and anticipated production funding in the current or subsequent fiscal year.
