A. Mission Description and Budget Item Justification

The Defense Military Deception Program (DMDP) is an effort to revitalize DoD Military Deception (MILDEC) capability and capacity across the Department of Defense. More specifically, the program mission is to enable authorized DoD Components to effectively plan, integrate, execute and assess MILDEC. The Defense MILDEC Program Office (DMDPO) provides oversight, guidance, and program management support for the Defense MILDEC program. It includes capability development, education, training, exercises, career force management, operational and programmatic assessments, intelligence, planning, analysis, and operational employment in support of military operations. Funds support the research, development, and integration of MILDEC capabilities, next generation devices, and technologies to support current and emerging MILDEC activities.
