# The FY 2015 OCO Request will be submitted at a later date.

## A. Mission Description and Budget Item Justification

The new amphibious vehicle is an armored personnel carrier, balanced in performance, protection, and payload for employment within the Ground Combat Element (GCE) and throughout the range of military operations, to include a swim capability. FY15 funding will support ACV Increment 1.1 activities including the manufacture of prototype vehicles, testing, associated program support, and studies/technology development to advance high water speed.

Note: ACV Increment 1.1 leverages and continues the work that was previously accomplished under the Marine Personnel Carrier (MPC) program, funded in PE 0206623M; Project 9C85.

• Congressional General Reductions Adjustments	-7.046	-	-	-	-
• Congressional Directed Reductions Adjustments	-12.000	-	-	-	-

## Change Summary Explanation

The funding decrease from FY14 to FY15 is a result of a revised program strategy.

# The FY 2015 OCO Request will be submitted at a later date.													
A. Mission Description and Budget Item Justification													
The new amphibious vehicle is an armored personnel carrier, balanced in performance, protection, and payload for employment within the Ground Combat Element (GCE) and throughout the range of military operations, to include a swim capability. FY15 funding will support ACV Increment 1.1 activities including the manufacture of prototype vehicles, testing, associated program support, and studies/technology development to advance high water speed.													
Note: ACV Increment 1.1 leverages and continues the work that was previously accomplished under the Marine Personnel Carrier (MPC)program, funded in PE 0206623M; Project 9C85.													
B. Accomplishments/Planned Programs (\$ in Millions, Article Quantities in Each)									FY 2013	FY 2014	FY 2015		
Title: Product Development									53.478	117.715	67.708		
									Articles: -	-	-		
Description: System Design and Development													
FY 2013 Accomplishments: Continued Hull Survivability Demonstrator (HSD) activities to include prototype fabrication and testing. Awarded Requirements Refinement contracts to include identification of requirements trade-space, development of "baseline" technical parameters, and establishment of a common analytical framework for developing and evaluating concept design alternatives. Performed technology maturation, integration, and demonstration efforts.													
FY 2014 Plans: Initiate new amphibious vehicle innovation efforts to reduce cost and risk, provide associated program support and studies/ technology development to advance high water speed. Award Technology Exploration contracts to assess the technical and cost impacts of requirements that require modularity and also conduct experiments of the proposed designs submitted during the Requirements Refinement phase.													
FY 2015 Plans: Continue Technology Exploration contracts to assess the results of the experiments conducted in FY14 to revise the ACV Concept Design. Continue new amphibious vehicle innovation efforts to reduce cost and technical risk, provide associated program support

<b>B. Accomplishments/Planned Programs (\$ in Millions, Article Quantities in Each)</b>		<b>FY 2013</b>	<b>FY 2014</b>
Provide transportation/shipment of government equipment in support of HSD test activities.			
<b>FY 2015 Plans:</b> Provide program management support for acquisition documentation preparation and statement of work development in support of Request for Proposal (RFP) release. Provide acquisition documentation support in preparation for Milestone B decision. Provide transportation/shipment of government equipment. Perform travel in support of program requirements.			
<b>Accomplishments/Planned Programs Subtotals</b>		83.182	122.967
<b>C. Other Program Funding Summary (\$ in Millions)</b> N/A			
<b>Remarks</b>			
<b>D. Acquisition Strategy</b> Acquisition strategy is to award competitive prototype contracts to up to three vendors to build 11 vehicles each (8 for Drive-Off Competition and 3 for Tactics, Techniques, and Procedures Development).  The ACV Increment 1.1 will enter the acquisition cycle at Milestone B in FY16 and award Prototype Contracts which will lead to a down select to one in FY18 entering into Low Rate Initial Production (LRIP).
