Description:

The JUONF was established as an account in the Treasury by Title 10, United States Code, Section 2216A. The JUONF provides a mechanism to fund urgent requirements that will prevent critical mission failure or casualties and allows immediate action to mitigate emergent critical time sensitive capability gaps. Amounts in the fund are to be available to the Secretary of Defense for capabilities that are determined by the Secretary, pursuant to the review process required by section 804(b) of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (10 U.S.C. 2302 note), to be suitable for rapid fielding in response to urgent operational needs. Amounts authorized for the JUONF will be transferred to other accounts to address Urgent Operational Needs as directed by the Office of the Under Secretary of Defense (Acquisition, Technology & Logistics). Funds are for use in crisis situations, where time is critical, such as the Syrian chem-demil operation, support of US Forces fighting the Ebola outbreak in USAFRICOM, and support of US Forces committed to destroying the Islamic State of Iraq and the Levant in Iraq and Syria. The JUONF will compliment and not compete with other similar funds.
