Deploy, Fight, and Win:
Retain overmatch in order to deter, and defeat if necessary, all potential adversaries

Where we are
- Deployed and Committed: 179K
- In more than 140 countries
- Across 6 continents
- Army SOF: 4K deployed in 80 countries
- Worldwide Support to CT Operations

Strategic Environment
- Great Power Competition: China and Russia
- Regional State Adversaries: North Korea and Iran
- Other Threats: VEOs, trans-national criminal organizations, cyber hackers
- Economic Uncertainty
- Dynamic International Operating Environment

Strategic Approach
- Build readiness for prompt and sustained ground combat
- Modernization to ensure overmatch in a fundamentally different future environment
- Reform to free up time, money, and manpower for our highest priorities
- Strengthen Alliances and Partnerships and seek new strategic partners as the operating environment changes

"The Army of 2028 will be ready to deploy, fight and win decisively against any adversary, anytime and anywhere, in a joint, multi-domain, high-intensity conflict, while simultaneously deterring others and maintaining its ability to conduct irregular warfare"

The Army Vision 2018
The FY20 Budget starts the Modernization Renaissance which builds on Readiness Improvements started in FY17
FY20 Budget Themes

The Army’s FY20 Budget Request helps to ensure the Army increases its overmatch capability and remains the world’s preeminent ground fighting force through investments in Readiness and Modernization to deter adversaries and, when necessary, fight and win.

- Support the National Defense Strategy
- Defeat Adversaries in Ongoing Conflicts
- Increase Readiness and Build a More Lethal Force
- Accelerate Modernization and Enhance our Competitive Advantage
- Deliver Concepts and Capabilities at the Speed of Innovation
- Strengthen Existing Alliances and Develop New Partnerships
- Increase the Army’s Capacity
- Invest in Critical Infrastructure
- Support Soldiers, Civilians, and their Families
- Reform and Streamline Processes

"We have many, many things underway to make sure our Army is ready, lethal and prepared to deploy, fight, and win in future wars. And our guarantee, my guarantee, is that we are ready today and will be ready tomorrow."

- GEN Mark A. Milley, U.S. ARMY CHIEF OF STAFF

Army Modernization Plan

- Requires a bold shift to fulfill the 2018 National Defense Strategy (NDS) and put the Army on course to achieve its vision of 2028 – an Army with next generation combat systems, modernized doctrine and reorganized formations to fight and win against Great Power Competition.

- Acknowledges our Army is at a strategic inflection point requiring a shift from irregular warfare to large-scale ground combat operations.

- Acknowledges our strategic competitors are building weapons and developing technologies that reduce our long-held advantages and addresses our need to modernize faster than our adversaries.

- Re-assesses Army modernization investment priorities cognizant of downward budgetary pressures and the need to take immediate action with the FY20 President’s Budget
  - Reviewed all programs under the lens of its contribution to lethality realigning from lower to higher return
  - Acknowledged continued upgrades to select legacy combat systems provided marginal improvements

**Established 8 CFTs to focus on 6 Modernization Priorities**

1. Long Range Precision Fires
2. Next Generation Combat Vehicle
3. Future Vertical Lift
4. Network
6. Air and Missile Defense
7. Soldier Lethality
8. Synthetic Training Environment

“A significant challenge in the modernization effort is that the fundamental difference in how adversaries and the U.S. view conflict (ongoing competition versus cycles of peace and warfare) ultimately shapes their associated acquisitions cultures and processes.”

- GEN Murray, Commander, Army Futures Command
