Note

Prior Years Funding \$4.994M was executed in PE 0604233F.

A. Mission Description and Budget Item Justification

The Advanced Pilot Training (APT) program will replace the Air Education Training Command's (AETC) aging T-38C fleet with new aircraft, Ground Based Training System (simulators, training devices, computer based training systems, academics, etc.), Maintenance Training System, and support infrastructure currently used in the fighter/bomber advanced Specialized Undergraduate Pilot Training track as well as in the Introduction to Fighter Fundamentals program. The APT program acquisition strategy was approved by OSD (AT&L) in early FY 2017 (December 2016). At the same time, the APT Team completed their Development Request for Proposal (RFP) Release Defense Acquisition Board and subsequently released the RFP to industry on 30 December 2016. The Program completed source selection evaluations and Milestone B in September 2018 and awarded a Fixed Price Incentive Firm Indefinite Delivery/Indefinite Quantity contract to The Boeing Company on 27 September 2018.

A Preliminary Design Review waiver was approved for the APT program by the Milestone Decision Authority (MDA) and a combined Preliminary Design Review/Critical Design Review is planned for 4th quarter FY 2019. An Independent Technical Risk Assessment (ITRA) policy waiver was also approved for the APT program by the MDA and the Air Force will re-evaluate the need for an ITRA prior to Milestone C decision based on applicable ITRA requirements in effect at that time.

Funding contained in this platform's documentation directly aids AETC flying training enterprise to continue its overall Future Years Defense Program pilot production increase starting in FY 2020, thus reducing the USAF Pilot Shortage.

The FY 2020 funding request was reduced by \$15 million to account for the availability of prior year execution balances.

This program element may include necessary civilian pay expenses required to manage, execute, and deliver the APT weapon system capabilities. The use of such program funds would be in addition to the civilian pay expenses budgeted in program elements 0605826F, 0605827F, 0605828F, 0605829F, 0605830F, 0605831F, 0605832F, 0605833F.

PE 0605223F I Advanced Pilot Training

As directed in the FY 2018 NDAA, Sec 825, amendment to PL 114-92 FY 2016 NDAA, Sec 828 Penalty for Cost Overruns, the FY 2018 Air Force penalty total is \$14.373M. The calculated percentage reduction to each research, development, test and evaluation and procurement account will be allocated proportionally from all programs, projects, or activities under such account.

This program is in Budget Activity 5, System Development and Demonstration (SDD) because it has passed Milestone B approval and is conducting engineering and manufacturing development tasks aimed at meeting validated requirements prior to full rate production.

B. Program Change Summary (\$ in Millions)	FY 2018	FY 2019	FY 2020 Base	FY 2020 OCO	FY 2020 Total
Previous President's Budget	105.999	265.465	363.473	0.000	363.473
Current President's Budget	82.628	245.465	348.473	0.000	348.473
Total Adjustments	-23.371	-20.000	-15.000	0.000	-15.000
 Congressional General Reductions 	0.000	0.000			
 Congressional Directed Reductions 	-19.800	-20.000			
 Congressional Rescissions 	0.000	0.000			
 Congressional Adds 	0.000	0.000			
 Congressional Directed Transfers 	0.000	0.000			
 Reprogrammings 	-0.700	0.000			
SBIR/STTR Transfer	-2.871	0.000			
Other Adjustments	0.000	0.000	-15.000	0.000	-15.000

Change Summary Explanation

FY18:

Funds were reduced by a Congressional mark, -\$19.8M "Contract Award Delay"

Funds were reprogrammed -\$0.700M, to T-6 (PE 0604233F) for On-Board Oxygen Generation System (OBOGS) Studies

Funds were reduced -\$2.871M, for the SBIR Transfer

FY19:

Funds were reduced by a Congressional mark, -\$20M "Excess to Need"

FY20:

The FY 2020 funding request was reduced by \$15 million to account for the availability of prior year execution balances.

Remarks

E. Acquisition Strategy

This Advanced Pilot Training (APT) Program will develop, test, acquire, and sustain an affordable, agile, and integrated APT System consisting of 351 aircraft, Ground Based Training System, Maintenance Training System, support, infrastructure, and personnel to meet Air Education and Training Command's initial need date of FY 2024.

The APT program's acquisition strategy leveraged market conditions by competing and awarding development, production, and initial sustainment in a single contract award. The program completed source selection evaluations and Milestone B in September 2018 and awarded a Fixed Price Incentive Firm Indefinite Delivery/Indefinite Quantity contract to The Boeing Company on 27 September 2018 to provide for development, integration, and testing needed to meet existing APT requirements. Additional contract options are available for Low Rate Initial Production, Full Rate Production and initial sustainment transition. The Maintenance Training System will be procured under a separate contractual vehicle.

F. Performance Metrics

Please refer to the Performance Base Budget Overview Book for information on how Air Force resources are applied and how those resources are contributing to Air Force performance goals and most importantly, how they contribute to our mission.

Remarks

Prior years amounts under Program 0604233F, Specialized Undergraduate Flight Training.

Advanced Pilot Training Studies and Analysis: \$0.935M Advanced Pilot Training PMA Government Costs: \$1.383M

Advanced Pilot Training A&AS: \$2.676M

FINANCIAL PERFORMANCE: APT is evaluated against traditional Research and Development (R&D) program expenditure benchmarks. Unlike many traditional R&D programs, however, the APT EMD contract is a FPIF contract with progress payments. Twenty percent of incurred costs are withheld until the end of the contract, when they are liquidated. Mandatory funding obligations and progress payment withholds will cause the program to lag traditional expenditure benchmarks, painting an inaccurate portrait of overall program health.
