Sheikh Ahmed Hussein Dabash Samir al- Batawi Captured

- Sheikh Ahmed Hussein Dabash Samir al- Batawi, aka Ahmed al- Dabash, a key insurgent leader in Iraq was captured by Iraqi and Coalition forces in the Ameriya neighborhood in the Mansour district of Baghdad May 29.
- Ahmed al-Dabash was a major financier and facilitator of terrorism in Iraq, most notably the bomb attack in the Shiite holy city of Karbala on March 2, 2004.
- More than 140 Iraqis were murdered and hundreds wounded in the attack that occurred during the Shiite observance of Ashoura, a time when thousands of pilgrims gathered in Karbala.

TIMELINE:
May 27-29, 2006

May 27: Coalition forces verified and destroyed a weapons cache based on reporting from earlier in the day May 27th.

May 28: Coalition forces located 5 terrorists tied to the original emplacement of the cache. The terrorists attempted to emplace IED material in the vicinity of Ramadi. The Coalition air strike killed 2 terrorists and injured 3 while in the act of planting the IED.

May 29: These operations led Coalition forces to several more operations on Monday that resulted in the detention of 12 terrorists and the destruction of one munitions cache and explosive material; more than 20 120 mm and 10 100 mm mortar rounds.

SIGNIFICANCE:
Discovery and destruction denies use of weapons against Iraqis or Iraqi and Coalition forces.

Wathba Water Treatment Plant - Baghdad Province

Scope: Project involves rehabilitating the electrical and electrical and mechanical components of the two existing water treatment plants. Rehabilitation requirements are expected to enhance the treatment plants to their operating capacity of 2,000 cubic meters of water each day. About 650,000 residents of Baghdad will benefit from cleaner water.

Al-Nasser Electrical Substation - Manshad, Dhi Qar Province

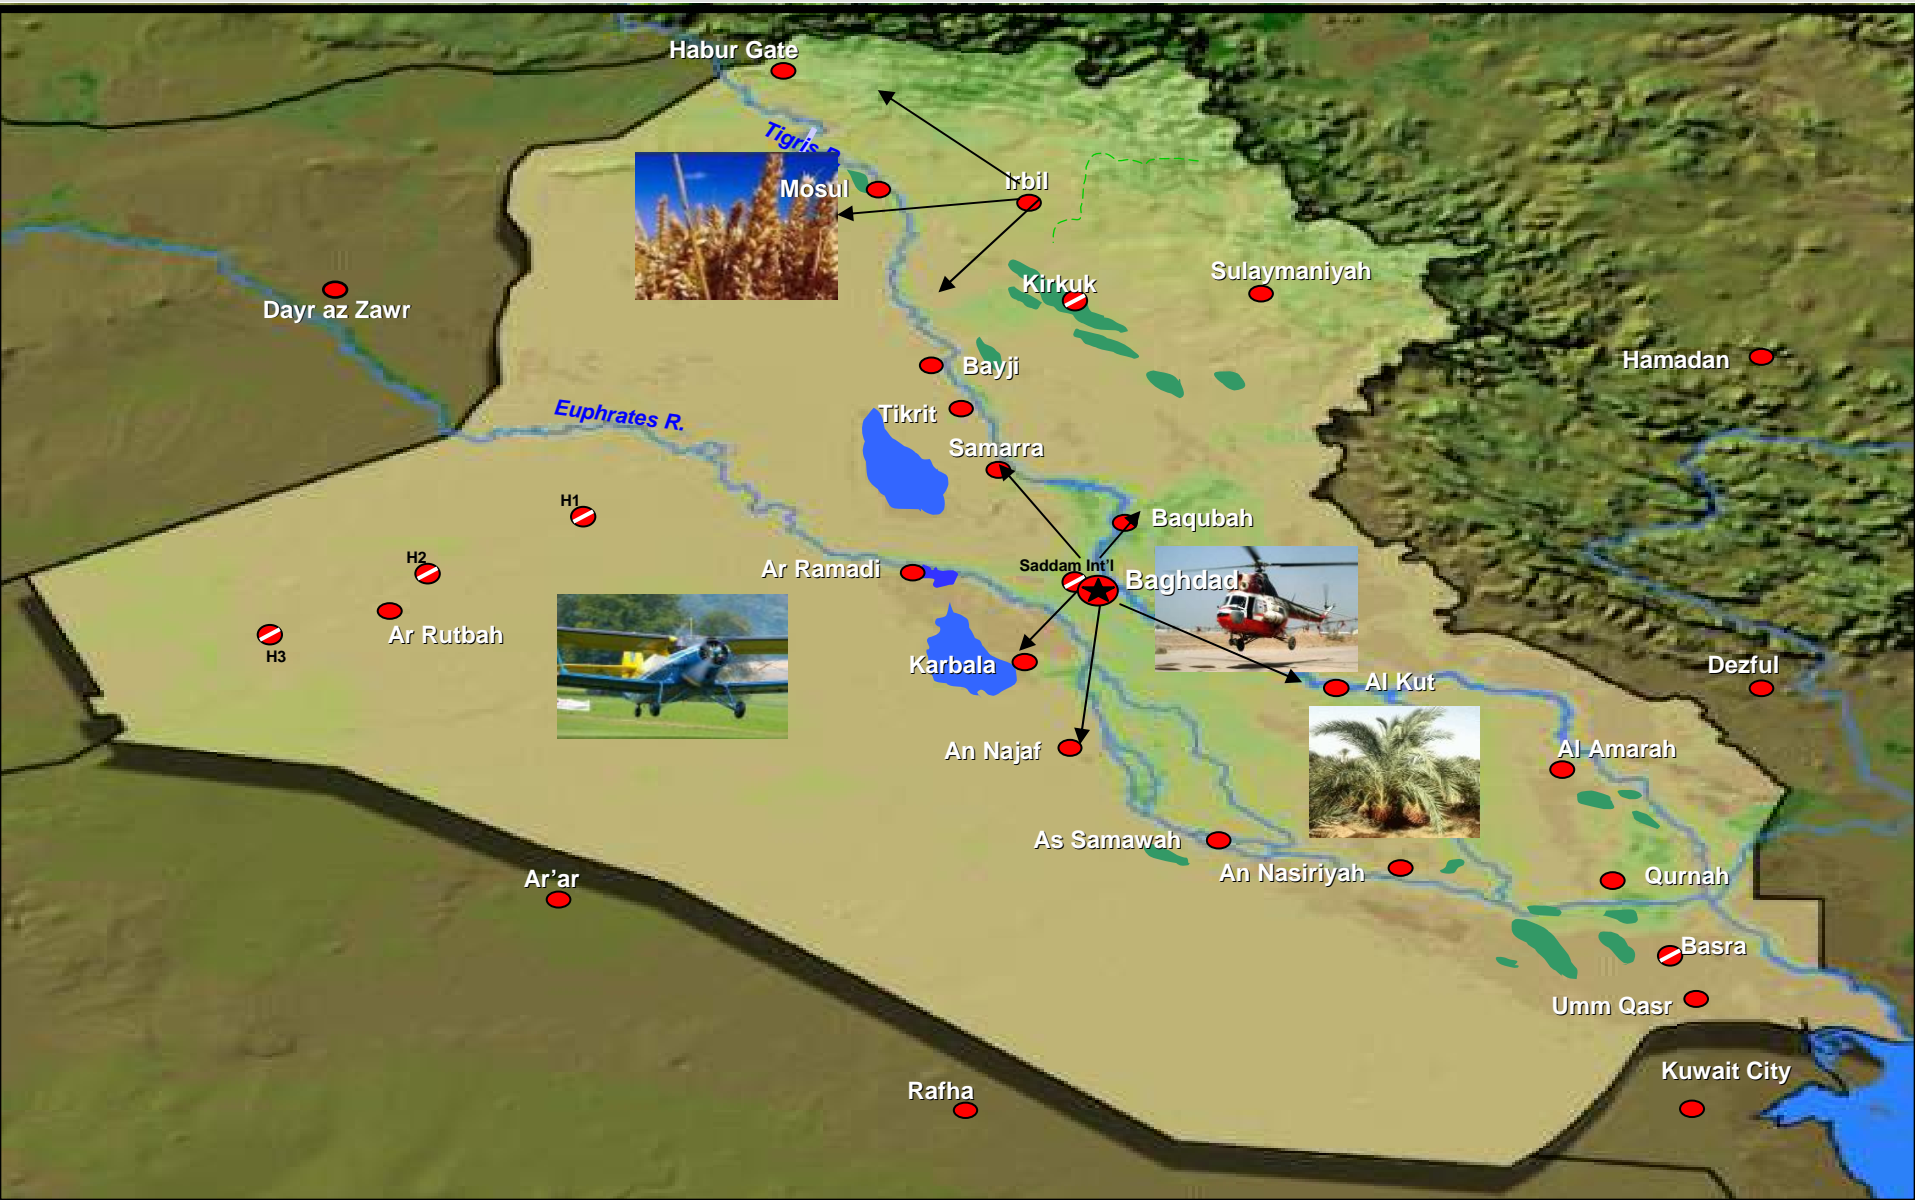

Scope: This project involves installation of two new transformers, additional circuit breakers, switchgear, and ancillary equipment. Work on the site includes all civil, mechanical, and electrical construction work required for a complete substation.

This project brings Dhi Qar province closer to its goal of connecting approximately 50,000 citizens to the national power grid to supply all areas with a reliable electrical supply. This project will help provide critical power to heat water for cooking, bathing and washing as well as sustained power for lighting, refrigeration and air conditioning for Al Nasser residents during the hot summer months.

Spray Concept

Crop Spraying

- Ministry of Agriculture in the lead with Coalition support
- Over 77,000 hectares (297 square miles) of date palms sprayed to date – in Baghdad and Diyala provinces
- Over 57,000 hectares (220 square miles) of wheat and barley sprayed to date – in Dahuk province
