NOTE: US arms exports in dollar terms in Main Tables II-IV have been revised upward significantly beginning with *WMEAT 1997*, with new estimates for a major component, commercial arms sales. See the article "Revision of U.S. Arms Export Data Series" in *WMEAT 1997* on the website, http://www.state.gov/www/global/arms/bureau_vc/reports_vc.html.

TABLE IV. Value of Arms Transfer Deliveries and Agreements, 1989-1999
By Supplier and Recipient Region — continued
(In Billions of Current Dollars)

— \$3 to 50 million.

0 Nil or negligible (under \$3 million).

- a Comparable totals in Tables III and IV differ slightly due to the fact that rounding was done at different stages of aggregation. The entry in the World column in Table IV exceeds the sum of the components in some rows due to certain imports by Saudi Arabia that cannot be attributed to specific suppliers. See Table II, footnote g.
- b US arms exports in dollar terms in Main Tables II-IV, beginning with the *WMEAT 1997* edition, have been revised upward significantly, with new estimates for a major component, commercial arms sales. See the article, "Revision of U.S. Arms Exports Data Series," in *WMEAT 1997* on the archive website of the State Department's Bureau of Verification and Compliance (<http://www.state.gov/www/global/arms/bureauvc.html>).
- c The estimated dollar value of the Soviet Union's arms exports beginning with the *WMEAT 1987* edition are revised and are substantially larger than those in earlier editions. For further discussion, see Statistical Notes, Arms Transfers.
- d US transfers to the World, Developed, and Developing groups include those to NATO agencies as such and to other international agencies and classified transfers, which are not attributed to individual recipient regions or countries.
