2008 MILESTONES

Important milestones in 2008 will include the successful transfer, from U.S. to Iraqi control, of three critical roles:

- responsibility for reconstruction planning, management, and funding
- responsibility for U.S.-provided reconstruction programs, projects, and assets
- responsibility for provincial security in all provinces

This timeline illustrates DoD’s revision of target dates for transition to Provincial Iraqi Control. The original goal for transition of all provinces was set for June 2006, and it has been revised five times. DoD sets the latest goal “as early as July 2008.”
