## **EXECUTIVE SUMMARY**

## **PREFACE**

|            |                                                                                           |              |
|------------|-------------------------------------------------------------------------------------------|--------------|
| <b>1</b>   | <b>PURPOSE AND NEED FOR INITIAL F-22 OPERATIONAL WING BEDDOWN .....</b>                   | <b>1-1</b>   |
| 1.1        | Background .....                                                                          | 1-2          |
| 1.1.1      | Aircraft Characteristics of the F-15C .....                                               | 1-2          |
| 1.1.2      | Aircraft Characteristics of the F-22 .....                                                | 1-3          |
| 1.1.3      | F-22 Development .....                                                                    | 1-4          |
| 1.2        | Purpose of Initial F-22 Operational Wing Beddown .....                                    | 1-5          |
| 1.3        | Need for Initial F-22 Operational Wing Beddown.....                                       | 1-6          |
| <b>2</b>   | <b>DESCRIPTION OF PROPOSED ACTION AND ALTERNATIVES.....</b>                               | <b>2-1</b>   |
| 2.1        | Proposed Beddown: Elements Common to the Proposed Action and All Basing Alternatives..... | 2-2          |
| 2.1.1      | Action Elements Affecting the Base .....                                                  | 2-2          |
| 2.1.2      | Action Elements Affecting Training Airspace .....                                         | 2-9          |
| 2.1.3      | Reviews and Permits Required to Implement the Proposed Action or an Alternative .....     | 2-16         |
| 2.2        | Alternative Identification Process.....                                                   | 2-17         |
| 2.2.1      | Alternative Identification Process Methodology.....                                       | 2-17         |
| 2.2.2      | Alternatives Considered But Not Carried Forward.....                                      | 2-23         |
| 2.2.3      | Proposed Action and Alternatives Carried Forward for Detailed Analysis...                 | 2-24         |
| 2.2.4      | No-Action Alternative.....                                                                | 2-25         |
| 2.3        | Past and Ongoing Actions .....                                                            | 2-26         |
| 2.4        | Summary of Environmental Consequences.....                                                | 2-27         |
| 2.4.1      | Introduction .....                                                                        | 2-27         |
| 2.4.2      | Resource Definition.....                                                                  | 2-27         |
| 2.4.3      | Comparison of Proposed Action and Alternatives.....                                       | 2-29         |
| 2.4.4      | Environmental Comparison .....                                                            | 2-50         |
| <b>3</b>   | <b>BASE-SPECIFIC SECTIONS .....</b>                                                       | <b>3-1</b>   |
| <b>LA1</b> | <b>LANGLEY AFB OVERVIEW .....</b>                                                         | <b>LA1-1</b> |
| <b>LA2</b> | <b>LANGLEY AFB, THE PROPOSED ACTION .....</b>                                             | <b>LA2-1</b> |
| LA2.1      | Langley AFB: Base.....                                                                    | LA2-1        |
| LA2.1.1    | Drawdown of F-15Cs/Beddown of F-22s.....                                                  | LA2-1        |
| LA2.1.2    | Sorties.....                                                                              | LA2-2        |
| LA2.1.3    | Construction.....                                                                         | LA2-3        |
| LA2.1.4    | Personnel Changes .....                                                                   | LA2-6        |
| LA2.2      | Langley AFB: Training Airspace.....                                                       | LA2-7        |
| LA2.2.1    | Airspace Use.....                                                                         | LA2-7        |
| LA2.2.2    | Defensive Countermeasures.....                                                            | LA2-11       |
| LA2.3      | Permits and State Consultation .....                                                      | LA2-12       |
| LA2.4      | Public and Agency Concerns.....                                                           | LA2-12       |

|            |                                                                             |              |
|------------|-----------------------------------------------------------------------------|--------------|
| <b>LA3</b> | <b>LANGLEY AFB AFFECTED ENVIRONMENT AND ENVIRONMENTAL CONSEQUENCES.....</b> | <b>LA3-1</b> |
|            | AIRCRAFT OPERATIONS .....                                                   | LA3-1        |

| TY3.2-2 Acreage Under Noise Contours in the Vicinity of Tyndall AFB Comparison of Baseline and Projected Conditions .....                                             | TY3-12      |
| TY3.2-3 Representative A-Weighted Instantaneous Maximum ( $L_{max}$ ) in dB Under the Flight Track for the Aircraft at Various Altitudes in the Primary Airspace..... | TY3-14      |
| TY3.2-4 Sound Exposure Levels (SEL) in dB Under the Flight Track for Aircraft at Various Altitudes in the Primary Airspace.....                                       | TY3-14      |
| TY3.2-5 Sonic Boom Peak Overpressures (psf) for F-15C and F-22 Aircraft at Mach 1.2 Level Flight .....                                                                | TY3-16      |
| TY3.3-1 Baseline Emissions for Tyndall AFB Affected Environment .....                                                                                                 | TY3-21      |
| TY3.3-2 Regional Emissions for Tyndall AFB Affected Environment .....                                                                                                 | TY3-21      |
| TY3.3-3 Projected Direct Emissions for Tyndall AFB Affected Environment .....                                                                                         | TY3-23      |
| TY3.3-4 Regional Emissions for Tyndall AFB Affected Environment .....                                                                                                 | TY3-24      |
| TY3.3-5 Baseline Emissions for Tyndall AFB Affected Primary Airspace.....                                                                                             | TY3-25      |
| TY3.3-6 Projected Emissions for Tyndall AFB Affected Primary Airspace .....                                                                                           | TY3-26      |
| TY3.12-1 Land Uses within the Tyndall AFB Baseline 65 DNL Noise Contour.....                                                                                          | TY3-41      |
| TY3.12-2 Relation Between Annoyance and DNL.....                                                                                                                      | TY3-43      |
| TY5.0-1 Proposed Management Actions at Tyndall AFB.....                                                                                                               | TY5-1       |
