P.L. 110-252 was enacted on June 30, 2008, providing an additional $4.17 billion for U.S. appropriations for Iraq relief and reconstruction, as reported by OMB. This total includes an estimate of $808 million appropriated to the CERP under the Supplemental Act, 2008 (P.L. 110-252), as provided by OSD/Policy in response to SIGIR on July 16, 2008.
The net effect of these actions was to revise upward by $4.16 billion the total U.S. appropriations for Iraq relief and reconstruction reported by SIGIR in the April 2008 Quarterly Report. This quarter, SIGIR reports a total of $50.46 billion.

26. This total also reflects the $50 million rescission.

34. NEA-I, response to SIGIR data call, July 2, 2008.
35. In conjunction with the International Compact, $23 million in grants and $1.7 billion in loan assistance has been pledged.
36. For the purposes of this Report, all total appropriation figures include all funds made available through the Supplemental Appropriations Act, 2008 (P.L. 110-252).
37. The term “reconstruction” encompasses a broad range of programs and operations beyond brick-and-mortar rebuilding that are funded by these appropriations. In addition to specific oversight of the IRRF, ISFF, and CERP, SIGIR’s expanded oversight mandate includes funds appropriated “for the assistance for the reconstruction of Iraq” under the ESF, INL, or “any other provision of law.” P.L. 108-106 (as amended), Section 3001(m).
38. For the purposes of this Report, discussion of ESF, CERP, and INL only refer to the portions allocated specifically for reconstruction in Iraq.
39. All IRRF 2 total funds reported in this section have been adjusted to reflect the congressional rescission of $50 million.
